DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5, 7-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. For claims 1 and 11, the reasons allowable are stated on previous office action.
For claim 21, applicant's invention combination including: "the housing including opposed channels as lower side edges proximate the mating face and an open bottom therebetween and a latch assembly provided on a side wall of the housing, the latch assembly oriented to extend along the side wall, the latch assembly having a latch element formed on an end thereof, proximate the mating face, the latch assembly including a pivot post at an immediate point along a length of the latch assembly, the pivot post joining the latch assembly to the side wall" is not taught by Chen or suggested other prior art.
4. Chen among other difference does not disclose all limitations as discussed above, therefore, does not meet claims 1, 11 and 21 limitations, which are basic to the invention, nor would such feature be an obvious change.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
